What is DiamondGlow™?

A DiamondGlow™ is more than a facial. DiamondGlow's™ patented recessed diamond tip wand delivers a next-level resurfacing treatment that deeply cleans and rejuvenates the skin. It has 3X1 Technology in one simple step. DiamondGlow™ exfoliates to uncover renewed skin, extracts to deeply cleanse the skin and remove debris from pores, and infuses skin with nourishing SkinMedica Pro-Infusion Serums. Just 1 DiamondGlow™ session enhances clarity and luminosity. You'll love your instantly dewy, brighter skin. But even better, you'll see continued improvement with each treatment.

Before Your Evolve Med Spa DiamondGlow™ Treatment

- Inform your provider before treatment if you have any skin allergies or have an active breakout.
- You will have to reschedule your appointment if you have an active cold sore, compromised skin quality, or currently on Accutane or were in the last 6 months.
- Excess hair may need to be shaved. Men should be cleanly shaved 24 hours before treatment.
- It is suggested to discontinue any retinol products 3 days before treatment.
- Typical Side Effects: scratchy, stinging sensation during the treatment and temporary tightness, redness, or slight swelling after the treatment.
- Rare Side Effects: severe skin irritation and allergic reactions

After your Evolve Med Spa DiamondGlow™ Treatment

- Immediately following DiamondGlow™ Treatment, skin may be slightly pink in color depending on the individual's skin sensitivity.
- Make sure to wear a sunscreen with an SPF of at least 30 and you can begin using your normal product routine the following day.
- We recommend 1-2 treatments per month to see continued improvement and glowing results. Your provider will determine your personalized treatment plan.

DiamondGlow™ Serums

Signature Serum

- **TNS® Advanced+**
 - MRCx Next Generation Growth Factor Technology that supports all layers of the skin
 - Targets coarse wrinkles, fine lines, sagging skin, and improves tone and texture
 - Contains Aloe Vera extract which is moisturizing, emollient, and soothing
 - Recommended products: TNS® Advanced Serum, HA5 and essential defense SPF 35
 - Supporting products: AHA/BHA Exfoliating cleanser and retinol complex 0.5

Core Serum Collection

- **Ultra Hydrating Pro-Infusion Serum**
 - Provides immediate and intense moisturizing, skin rejuvenating, antioxidant, and skin softening benefits
 - Contains hyaluronic acid for enhanced hydration and aquacell technology that reduces appearance of fine lines, supports bio-hydration, and contains watermelon and apple extract
 - Recommended products: TNS® Advanced Serum, HA5 and essential defense SPF 35
 - Supporting products: Facial cleanser and TNS® eye cream
- **Skin Brightening Pro-Infusion Serum**
